

Friendly Health

Product Overview

- **Diagnosis Pot - Consultations, scans and tests:** Fast access to diagnosis making the private route more affordable, accessible, and brings invaluable peace of mind.
- **Friendly GP+:** 24/7 access to a virtual GP for the whole family as standard and a wellbeing hub which includes confidential support for personal and work issues.
- **Friendly Dentist+:** Online access to a dentist for the policyholder.
- **Emergency dentistry:** For Gold cover only, we will cover claims for dental trauma.
- **Physiotherapy:** Online physiotherapy advice to help prevent minor issues from becoming major ones. Under Gold membership, this benefit extends to their immediate family.
- **Mental health:** Online therapy advice.
- **Dermatology:** Skin concerns are amongst the most common reasons patients get in touch with their GP – this option is accessible via our virtual GP service.
- **Dietitian:** Tailored programmes from registered dietitians who will talk, amongst other things, about sports nutrition, hormonal disorders, fat and muscle balance, and diet appropriate for diabetes or to boost mental health and energy levels.
- **Friendly Care:** The services of a personal nurse to help clients with Gold or Silver cover understand and come to terms with their medical diagnosis, and to suggest next steps.
- **Health assessments:** a home blood testing kit which allows your client to do a test and send it away for diagnosis against 24 conditions.

Healthcare for today, peace of mind for tomorrow
