

Friendly Shield

Suitability Letter Template

Friendly Shield is a simple protection policy. It provides a range of benefits to help your clients cope financially should an accident lead to time off work, a fracture, or to a hospital stay or upon the death of a covered family member. The policy has three simple premium levels so clients can choose the cover that best suits their needs and budget.

We've created this template to help make writing a suitability letter for your client quicker and easier. You can simply copy the relevant pre-written wording or screenshot the tables from the sections below, paste them into your letter then edit it as needed.

Whilst we have taken every care to check and ensure the accuracy of the information provided in this template, we accept no liability resulting from your use of it. This information should not constitute your full understanding of National Deposit Friendly Society Limited or the products it manufactures.

Why National Friendly?

National Friendly is a mutual society based in the centre of Bristol but with a national membership. Being a mutual means it's owned by its members, so it always works with members' best interests in mind. All of the Society's profits are invested in improving member benefits and its service to members, instead of paying dividends to shareholders.

Established in 1868, National Friendly has a long history of looking after people. Throughout its heritage, the Society has adapted to various changes in the world, and its products have evolved to meet the needs of its members.

National Friendly offers a wide range of health, welfare and protection products, to give peace of mind and financial security to those who need it. Backed by years of experience and a commitment to delivering exceptional service, National Friendly will always be there for you when you need them.

Friendly Shield policyholders are automatically members of National Friendly, have voting rights, and can attend the Annual General Meeting.

Introduction and aims

Friendly Shield is designed to provide a number of protection benefits to help protect you against unexpected accidents.

The policy provides an income benefit, fracture cover, cash for hospital stays and both natural and accidental death benefits, plus a rehabilitation benefit to help you get back to work sooner.

It is possible that you may need to claim more than one benefit as a result of your injury, for example a leg fracture might necessitate an emergency hospital visit, qualify for fracture benefit and result in a claim because you cannot work for more than 14 days. The policy allows multiple claims at the same time.

Types of cover

Friendly Shield is simple to understand, to apply for and to benefit from. The policy provides three levels of cover: Bronze, Silver and Gold.

Payments

The payments you make to National Friendly are due monthly in advance on the same date each month. You can pay your direct debit on any day between the 1st and 28th of the month.

If you would like to change your payments from monthly to annually or from annually to monthly, you can ask National Friendly to do this at the policy anniversary.

If you wish to change the frequency you need to inform National Friendly before your policy anniversary so that they can change your direct debit instruction.

Every 5 years National Friendly will review how much you pay and either increase or decrease your payments to make sure you are paying the right amount for your cover.

National Friendly will not review rates on an individual basis. When they carry out their review, they look at the expected future frequency and value of all claims for Friendly Shield policies for all covered policyholders. They also consider expected changes to their costs because of taxation and/or regulation plus changes to other assumptions used when they first set your payments.

Where this results in a change to how much you pay, the change will take effect from your next policy anniversary. This could result in the amount you pay going up or down for the next 5 years or staying the same until the next 5-year review. National Friendly will write to you in good time to tell you how much you need to pay for the following policy year.

Product features

The policy provides an income benefit, fracture cover, hospital cash and both natural and accidental death benefit, plus a rehabilitation benefit to help you get back to work sooner.

Income benefit:

The Friendly Shield income benefit provides a regular income for up to three months each policy year if you are unable to work due to an accident which causes an impact injury. This means there has to be some kind of impact which causes your injury.

The level of benefit you are covered for will depend on whether you choose Gold, Silver or Bronze. This will be confirmed on your Policy Schedule. This is the regular tax-free sum you will receive in the event of a claim once your claim has been assessed as valid.

Fracture cover:

Friendly Shield provides cover for 18 different fractures, and these are classified as Minor, Moderate or Major. The policy will pay valid claims as soon as the evidence to do so is received. All payments will be as lump sum payments made by direct bank transfer.

Hospital cash:

Friendly Shield provides a benefit at the nightly rate shown in the level of cover you choose.

Natural death benefit:

Regardless of the level of cover chosen, Friendly Shield provides a £2,500 benefit for death occurring more than two years after the policy started in accordance with the Policy Conditions.

Accidental death benefit:

Friendly Shield will cover you for a lump sum up to £85,000, as shown in the benefit table for the level you choose.

Rehabilitation benefit:

Friendly Shield provides a rehabilitation benefit up to £1,000 in any policy year for all cover levels. National Friendly will help you get back to work by providing access to private facilities covering:

- Physical therapies – acupuncture, physiotherapy, osteopathy and chiropractic treatment
- Follow-up scans and tests
- Consultations

Friendly GP:

All members on the policy will have free access to Friendly GP. This is a virtual GP service which can be accessed over the phone or online 24 hours a day, 7 days a week.

This means you always have easy access to a doctor when you need their help.

Financial Services Compensation Scheme protection

National Friendly is covered by the Financial Services Compensation Scheme (FSCS) for added protection for you. This means that if they can't pay your claim, the FSCS can step in to pay compensation. Set up by the government, the FSCS is independent and their service is free to use. You'll keep 100% of the compensation you're owed if you claim directly through them.

Tax

Under current UK legislation, the benefits you receive from this policy are not subject to income tax, capital gains tax or National Insurance contributions. Payment of any death benefit on this policy may form part of the dead person's estate for inheritance tax purposes. You won't get tax relief on your premiums. The recommendations I've made are based on my understanding of current legislation and HM Revenue and Customs practice, which can change in the future.
